32/4 Red Gum Road,
Boomerang Beach
NSW 2428

General Information

Beach House #32 has a modern contemporary style.

The beach house features beautiful Australian hardwood flooring and stainless steel kitchen benchtops and the alfresco deck provides a private oasis for you to relax on after a day at the beach.

The beach house comes completely furnished.

Beach House #32 has a hardwood timber ramp providing easy access from your designated car parking space to your front door.

The resort features a fully licensed restaurant, function centre, heated lagoon pool, spa and tennis court. The facilities and surroundings are ideal for conferences, weddings and many other functions.

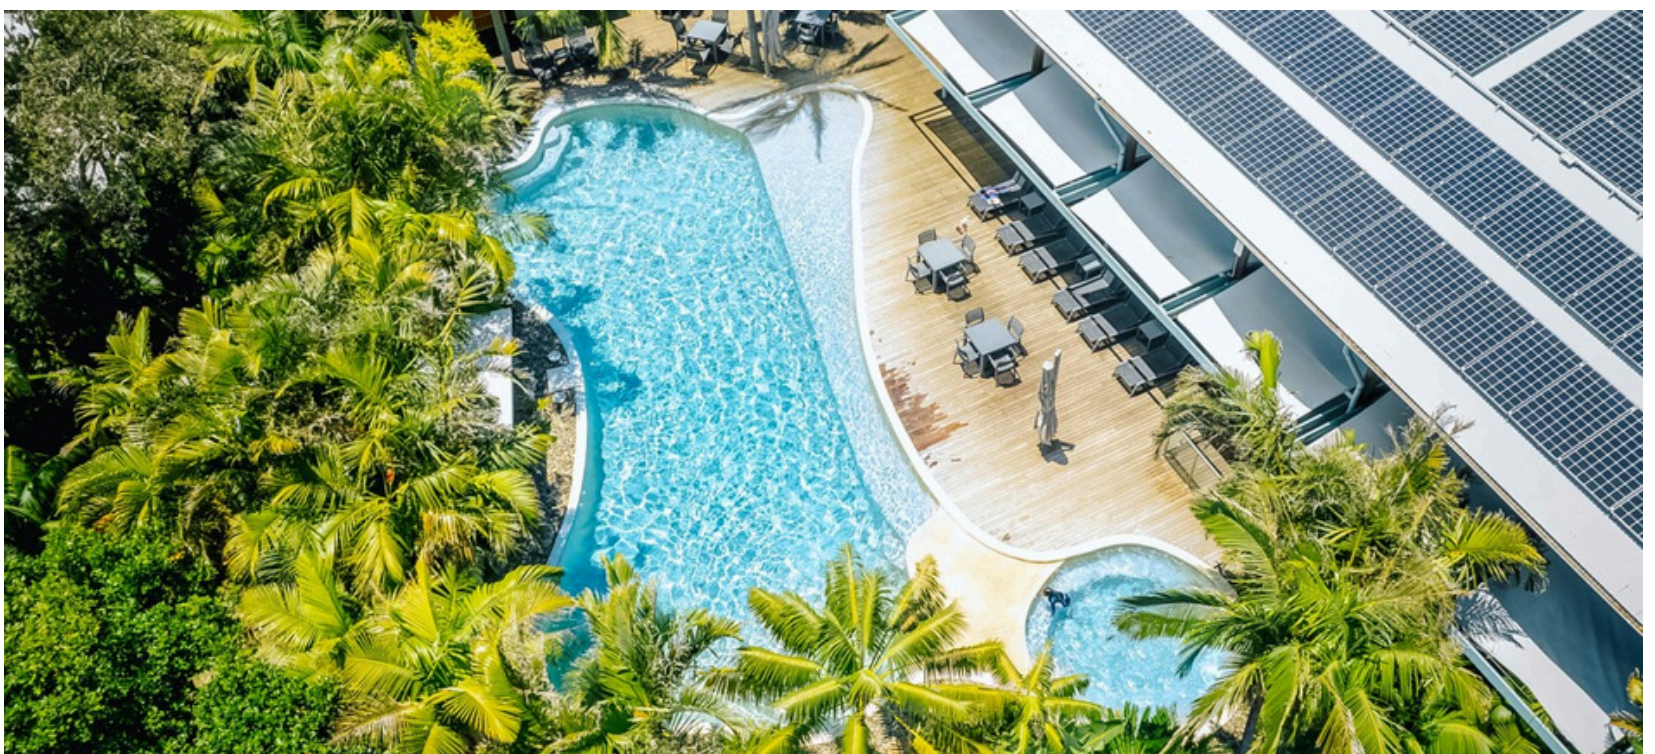

All Mobys Beach house owners are members of a Community Association.

The community title means owners have shared ownership of facilities on community property and Torrens Title over your specific lot.

Each beach house owner looks after their own water rates, council rates, insurance costs and are required to pay levies (which include electricity and WIFI) to the community association on a quarterly basis.

As a Mobys Beach house owner you have the flexibility to choose when you'd like to stay throughout the year, though you are limited to using your beach house a maximum 112 days per calendar year and 28 days is the maximum number of nights that you can stay at one time.

An annexure enclosed shows the associated costs of belonging to the Mobys Beachside Retreat leasing pool. These expenses are subtracted from any income that the beach house generates and the balance is paid to you monthly.
